

To whomsoever it may concern,

Dibyadarshi Dash has successfully completed his summer internship at GyanSys Inc. from June 1<sup>st</sup>, 2019 till Aug 23<sup>rd</sup>, 2019.

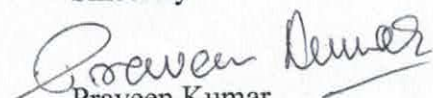

Dash's project was to create a fiori app which would be deployed to the SAP app store. This letter is to convey the impressive skills that he has shown during this time, and recommend him for any opportunity he will get to pursue for his future career.

Throughout this summer, he has exhibited great qualities such as perseverance, teamwork, and sincerity. He has shown impressive results in a short amount of time, while maintaining excellent standards for quality. One of the commendable traits that Dash has shown is his incredible grasp of concepts. On the first week itself he learned the concepts of SAPUI5 and Fiori development - new concepts that he had no experience with before. He has also exhibited impeccable communication skills when communicating with his team member and other employees and sharing thoughts and ideas. During presentations, he has relayed information in a clear, confident and coherent manner.

We are quite impressed with Mr. Divyadarshi Dash and give him our strongest recommendation for roles which require intelligence, organization, communication skills, service, and a positive attitude.

Please feel free to contact us if you need additional information or perspective.

Sincerely

Praveen Kumar

Technology Practice Manager

GyanSys Inc.
